January 2023

Brolly Portable Table Lamp

Knut Bendik Humlevik

Brolly Portable Table Lamp

Knut Bendik Humlevik

Materials
Aluminium, Electroplated Steel

Dimensions
H 300 x Ø 165 mm

About the Designer

After years of experience as a product designer, Knut Bendik Humlevik became New Works creative director in 2014. Leading the story of New Works in collaboration with a number of internationally renowned designers, Knut also contributes his own pieces to the collection. His Scandinavian heritage is combined with an internationally inspired passion for honest materials, in a quest to create artistic and highly functional objects.

Petite Portable

Let the light spread from the center of the table or the dark corner of the windowsill with the new Brolly Portable Table Lamp. A particularly refined simplicity forms the silhouette of the lamp and challenges the common notion of cordless light.

Brolly is a portable table lamp made in brushed steel, which demonstrates the strength of simplistic shapes. Precise and considered, this elegant little light displays the kind of thoughtful, almost deceptive, simplicity that makes it a timeless detail in any decor. Although the design adheres to strict geometry, the lamp attains a finely whimsical presence from the seemingly delicate rod supporting the conical lampshade.

Brolly was born from an in-depth study of portability; how can one explore and refine the concept of portability and what would the ideal features of a portable be? The study resulted in a table lamp tall enough to offer a generous downwards-facing light output, but petite enough to not disturb social intimacy or take up too much space when placed in the centre of a table. The lamp is charged with a magnetic charger, which attaches seamlessly underneath the lamp base, allowing for the light to still be in use while charging. A three-step dimmer switch at the peak of the lampshade is integrated intelligently in the design and makes for straightforward use of the lamp.

The Brolly Portable Table Lamp comes with a shade in the same material as the base or dressed in a bone linen textile. The nearly black metallic finish with subtle grey and brown tinges accentuates its sharp silhouette and bestows it with an alluring darkness.

About New Works

New Works presents a collection at the intersection between old and new. Light and dark. Design and art. Our work pays homage to the strong Scandinavian history of craftsmanship and materiality, whilst challenging the contemporary forms of today. We collaborate with an international group of renowned designers and artisans, who display a matching fascination with sculptural forms and honest materials. These collaborative pursuits convey our love of the sensual, and of the bold.
