

PARADE TABLE LAMP

Design by Viola Heyn-Johnsen and Jonas Trampedach

HAY

Parade Table Lamp

Designed by Danish husband-and-wife designers Viola Heyn-Johnsen and Jonas Trampedach, the Parade Table Lamp series was inspired by the desire to create an ambient light source with a sculptural quality. The name refers to the lamp's ability to command attention when several lamps are positioned together like a formation in a parade, where the square lines fit can fit together in a tessellated pattern. The glass geometric shape is made in carefully selected sizes and colours, designed to complement each other in height, tone and temperature and thereby creating a cohesive effect. Equally appealing switched on or off, as a stand-alone lamp or displayed as a group of light sculptures, Parade combines functionality with aesthetics to create a unique and atmospheric lamp.

Parade Table Lamp Design by Viola Heyn-Johnsen and Jonas Trampedach

Viola Heyn-Johnsen and Jonas Trampedach are a husband-and-wife team with a shared passion for materials, objects and craftsmanship. Viola has a master's in Visual Communication and has spent the last fifteen years working with graphic design, styling, art direction and product development. Jonas graduated from the Royal College of Art in 2009, before establishing his own design studio in Copenhagen.

The studio focuses on products, furniture and lighting using diverse approaches to materials processes and techniques, with Trampedach's work ranging from industrially produced designs to one-of-a-kind commissions. Designed in close collaboration with HAY, the Parade Table Lamp is the couple's first shared design project.

The name refers to the lamp's ability to command attention when several lamps are positioned together like a formation in a parade.

Viola and Jonas were inspired by the desire to create an ambient light source with a sculptural quality.

The glass geometric shape is made in carefully selected sizes and colours, designed to complement each other.

PARADE TABLE LAMP

PRODUCT FACT SHEET

PARADE TABLE LAMP

DESIGN BY JONAS TRAMPEDACH & VIOLA HEYN-JOHNSEN, 2022

Inspired by the desire to create an ambient light source with a sculptural quality, Danish husband-and-wife designers Viola Heyn-Johnsen and Jonas Trampedach have created the Parade Lamp series. Consisting of a square base and arched top in coloured glass, the geometric shape causes the expression to change depending on whichever angle the lamp is turned. The carefully selected sizes and colours complement each other in height, tone and temperature, creating a cohesive effect that forms an interlinking pattern when multiple lamps are viewed together. Equally appealing as a collection of illuminating sculptures, a single light source on a bedside cabinet or displayed with other ornaments without the light switched on, Parade combines functionality with aesthetics to create a versatile and unique lamp. The custom, integrated LED light source, which can be replaced if required, has an inline step-dimmer that allows the light output to be adjusted to different settings.

HIGHLIGHTS

- Part of a progressive and technologically advanced lighting collection.
- Sculptural and atmospheric handmade table lamp
- The lamp consists of a square base and arched top in coloured glass that come in various sizes and colours.
- The glass is constructed of two layers, one transparent and another translucent, creating a subtle visual depth to the lamp shade whether turned on or off.
- The geometric shape causes the expression to change depending on whichever angle the lamp is turned.
- Equally appealing switched on or off, as a stand-alone lamp or displayed as a group of light sculptures.
- CE and ETL approved for both EU and US markets.
- Integrated LED light source ensuring a life span of at least 25,000 hours of use with inline step dimmer.
- The lamp is suitable for both private and office environments.
- Qualified for contract use.

DIMENSIONS

PARADE TABLE LAMP | 160
WIDTH 15,5 CM | 6"
DEPTH 15,5 CM | 6"
HEIGHT 16 CM | 6.25"

PARADE TABLE LAMP | 240
WIDTH 15,5 CM | 6"
DEPTH 15,5 CM | 6"
HEIGHT 24 CM | 9.50"

PARADE TABLE LAMP | 320
WIDTH 15,5 CM | 6"
DEPTH 15,5 CM | 6"
HEIGHT 32 CM | 12.5"

MATERIALS

SHADE

Hand blown glass.

DIFFUSER

Injection moulded ABS,
translucent.

CORD

Black silicone cable with inline
step dimmer switch.

COLOUR & FINISH

Please note that the colour codes are indicative.
