C O P E N H A G E N

A versatile lamp collection in an unconventional, charismatic design

Introducing Bubba Lamp, a collection of characterful lighting inspired by the multifaceted clusters formed by floating soap bubbles. The unusual shape elevates standard glass lampshades into a fascinatingly intricate and eye-catching design. Designed for numerous uses and settings, Bubba boasts an aesthetic that adapts to any room.

The lamp collection is crafted from etched opal glass, a translucent material that ensures a pleasant, uniform light and emits a cozy glow. The glass lampshade comprises bubbles of varying sizes put together in an organic composition that is asymmetrical, yet expertly balanced. Every bubble is unique in size and shape, presenting a design that appears different from each viewpoint. Designer Yuchen Wu explains “The challenge was to create a composition of seemingly random bubbles while maintaining an overall well-proportioned and harmonious silhouette”.

Available in two pendant sizes, a large ceiling lamp and a smaller lamp that adapts to both wall or ceiling surfaces, the collection’s adaptability makes Bubba a versatile addition to any room and any interior style, where it will exude both sophistication and charm.

Connecting People and Spaces

Since Normann Copenhagen's foundation in 1999, our ambition has been to challenge conventional thinking and make the ordinary extraordinary through great design. By combining the craftsmanship, functionality and endurance characterized by our Danish design heritage with modern silhouettes and durable materials, we aim to create original products in a contemporary design that withstand the test of time. We believe in uniting people and spaces across the world and improving the quality of people's lives through the power of great design. Our products combine functionality and design and accommodate the diversity of needs of modern life in residential and professional interiors alike.
