Maintenance guide

Soaped wood

Soaped wood requires a gentle and daily care for not to gain permanent stains. Clean with a slightly damp, soft, lint-free cloth and follow the wood grains and always dry with a soft dry cloth immediately after cleaning.

In case of stains on soaped wood, lightly sand the surface with sandpaper grade 220 or 240. Then wipe with a dry soft cloth and follow the wood grains and apply the white soap following the wood grains.

Avoid use of abrasive cleaning agents and aggressive cleaning detergents as this will damage the surface of the lacquered or stained wood. Avoid placing wooden furniture in direct sunlight, excessive heat or humidity.

Why FSC®?

All wood in our collection is labeled and produced in FSC® certified wood. When producing furniture from FSC® certified wood we support well-managed forestry. In an FSC® certified forest no more trees than the forest can reproduce are felled, so the exploitation of nature is avoided. FSC® ensures fair wages and a fair trading price and gives full traceability. We can trace a chair back to the forest where the tree was planted.
