

ARBOUR

DESIGN BY ANDREAS ENGESVIK & DANIEL RYBAKKEN

Embodying the concept that design should follow construction, Andreas Engesvik and Daniel Rybakken's Arbour is assembled from separate components that have been independently produced for optimal comfort, quality, and efficiency. This sofa was developed with an intention to create a durable sofa that would qualify for the Nordic Swan Ecolabel within the European market, and it features FSC-certified wood for the frame and EU-Ecolabelled upholsteries for the Eco version. The seat and cushions are made in carefully balanced proportions, with identical side cushions creating a sense of harmony and offering the opportunity for multiple comfortable sitting or lying positions, while the frame creates a strong yet elegant profile with an architectural quality. With its logical construction and uncluttered design language, Arbour fuses its distinctly

Scandinavian aesthetics with high comfort and great durability.

Approved EU-Ecolabelled textiles for the Nordic Swan Ecolabelled Arbour - Atlas, Remix, Surface By Hay, Fiord, Steelcut, Steelcut Trio, Melange Nap, Divina, Divina Md, Divina Melange, Re-Wool, Canvas, Hallingdal, Lila, Raas and Vidar.
