DATASHEET WORKSHOP DIFFUSER

The semi translucent diffuser and the bracket fits the socket and the bulb, without any changes to the exterior. It is naturally springy and will hold the diffuser without any use of tools or screws, making the bulb easy to change. The diffuser is designed to minimize collection of dust, but leaves enough room for the air to flow. It creates a nice even light spread on all kinds of surfaces, and guarantees there is no glare from the lightbulb.

Delivered mounted.

Description

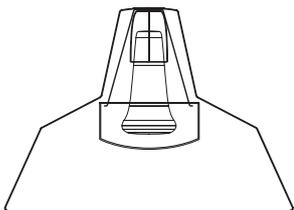

Polycarbonat LT 50%

Measurements

W2 and W3
Ø13,5 x H63 cm

W4
Ø19,5 x H77 cm

W5
Ø27 x H10 cm
