Table

CONGRATULATIONS ON YOUR VIPP TABLE

A Vipp product is crafted from a design heritage dating back to 1939, founded in an ambition to create timeless, functional products. Designed and manufactured by Vipp, the table has a unique cohesion combining quality, functionality and design.

Like all Vipp products, a Vipp table is made to last for at least as long as the first Vipp pedal bin from 1939; timeless in its aesthetics, impeccable in its function, and valued for the joy inherent in its daily use.

We hope you will enjoy your Vipp table for many years to come.

Kasper Egelund
CEO of Vipp and grandson of founder Holger Nielsen.

PRODUCT DESCRIPTION

Nestled in the industrial design tradition, the Vipp table is designed to withstand the test of time in both function and aesthetics. Available in two sizes, the table is highly durable, fitted with a ceramic tabletop resistant to stains and wear and tear from everyday use. Drawing on notes from the Vipp kitchen, the steel table frame delicately carries the tabletop, and along with soft rounded corners it adds a light expression to the sturdy components. Set screws in stainless steel makes it possible to adjust the height of the table by 2 cm.

Materials

Durable ceramic tabletop. Frame with cast aluminium corners and steel profiles fitted with set screws in stainless steel.

CARE INSTRUCTIONS

Tabletop

Use a cloth, warm water and a mild detergent. Use a slightly rougher sponge for solid stains.

Powder-coated surface of the table frame

Keep powder-coated surfaces clean and dry. Use a lint-free cloth or a soft brush with warm water and a mild detergent. Finish by wiping down the surface with a dry cloth.

Grease stains

Use alcohol or glass cleaner to remove grease stains.

Lime stains

Use a lint-free cloth and a mild detergent suitable for painted surfaces. Rinse with water and wipe down the frame with a dry cloth.

Note

Due to the hardness of the ceramic surface, please have caution when placing delicate items directly on the tabletop.

WARRANTY

Vipp offers warranty on your product according to national laws and regulations. The warranty does not cover defects or damage caused directly or indirectly by misuse or poor maintenance, violence or manipulation.

The warranty presupposes rightful use as described in Vipp's care instructions, which can be found in this folder or under the specifications of each product at vipp.com. In case of a defective product, please contact your place of purchase.
