

A black metal wire chair is positioned on a wooden dock. The dock is made of dark, weathered wooden planks and has a metal cleat on the right side. The background is a body of water with a blurred shoreline in the distance. The lighting is soft, suggesting a calm, outdoor setting.

HEE SERIES

The philosophy behind the Hee Series was to take an archetypal chair and perfect it down to the last detail while cutting the essentials to the bone. The goal was to create a contemporary chair to fit into a wide range of contexts. The attempt was a great success, resulting in the pragmatic and easily decoded Hee series. Like a line drawing, it wraps metres of metal wire into neat, straight lines in three versions: bar stool, lounge chair and dining chair. Stackable and weatherproof, the wide assortment of colours and designs make Hee suitable for numerous indoor and outdoor contexts, such as bars and restaurants, as well as public spaces and home environments.
