CHIMES CLUSTER 3 | LAMP

Designed by Asger Risborg Jacobsen

PUT NATURE IN SPOTLIGHT WITH THE CHIMES CLUSTER 3

A simple piece of solid oak infused with a warm LED spotlight brings the Nordic tones of nature into the interior. Chimes cluster 3 is inspired by the graceful lines that occur in a dense forest of trees growing closely together. Designed with the thinnest possible shape in mind, the lamp has a spotlight effect that shines light exactly where you need it. Create new areas and cosy spaces with focused lighting by using Chimes cluster 3. An effortlessly charming and understated lamp, Chimes cluster 3 is bringing a focused lighting on dining table. The lamp's spot also makes a good reading light beside a chair and has a cosy candlelight quality for relaxed evenings in the company of friends. Create special areas in bars, restaurants and hotel lobbies with Chimes cluster 3's beautiful wooden surface.

We take the story of Scandinavian design further than ever before by combining aesthetics, simplicity and functionality and infusing it with thoughtful craftsmanship and environmental care. Our designs are deeply rooted in the diverse urban landscape and raw nature surrounding our home in the heart of Copenhagen, Denmark. Having begun our journey in November 2008, we are celebrating our 10th anniversary this year by constantly growing and expanding the conventions around contemporary design.
