Version: 02

## **Information & troubleshooting**

For product related questions, technical assistance or ordering physical user instructions, contact Crème AB by using contact information supplied in these instructions.

## **Intended use**

The device is only intended to be used indoors. It shall only be used with the components supplied with the Soft Serve Pendant or sold by Crème AB with Soft Serve Pendant defined in their intended use. No modification of the product is allowed, as it could make it hazardous. Crème AB is no liable for material damage or personal injury caused as a result of not following these instructions. In such cases, the warranty will be void.

# Graphic symbols

For safe and proper use, follow these instructions. Keep them for future reference.

By affixing the CE marking to a product, a manufacturer declares that they are responsible that the product meets all the legal requirements for CE marking, which include requirements on health and safety. If an identification number is placed by the CE mark, it means that the corresponding notified body has performed a conformity assessment on the product.

The WEEE symbol are placed on electrical devices and equipment to clearly display that they are not to be considered and treated as unsorted waste. These products must be collected separately, the implementation of this collection varies depending on national laws.

Indicates a hazard with a level of risk which, if not avoided, may result in death, serious injury, or damage to the equipment or its surroundings.

Indicates that the product is only suited for indoor use. Uses other than intended use could be hazardous.

# Installation

When first installing the lamp, keep all components and material that includes information for the product (within and on the packaging).

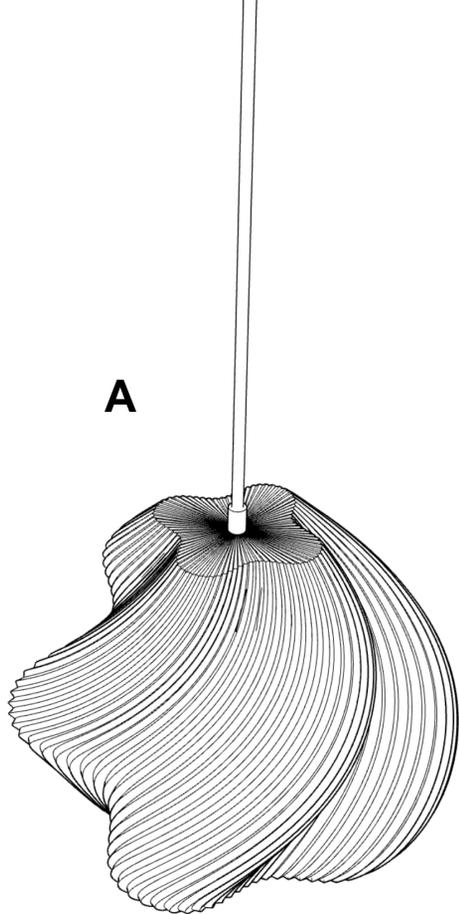

- Be careful when you stand near the power cable.
- Loose cables can create tripping hazards.
- Make sure not to damage the power cable.
- Do not use a deformed or damaged power cable.

This lamp is not designed for looping-in.

**Please read these instructions carefully and retain them for future reference to ensure that the product is used correctly. For your own safety, please study each step of this instruction manual first. Crème AB is not responsible for any faults or damages caused by not following these instructions correctly. Do not modify this product in any way.**

## Safety precautions

- Keep product well out of children's reach.
- The lamp is only intended for interior use.
- Do not attempt installation of product if you are not competent to do so yourself.
- Consult a professionally qualified electrician if in any doubt.
- Disconnect the electricity supply at the fuse box, before commencing work.

### Content

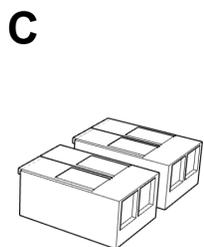

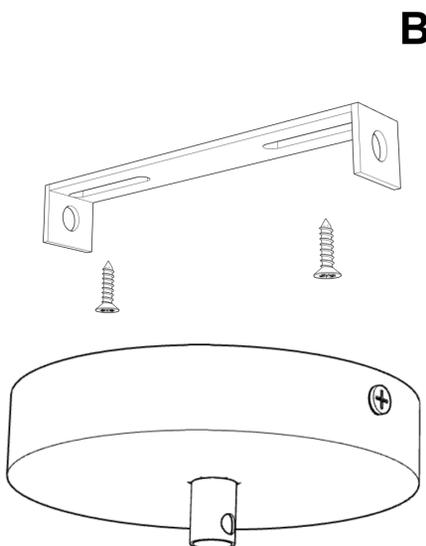

- A Lamp shade with 3 meter fabric cord
- B Canopy with ceiling bracket
- C Terminal boxes

### Tools needed

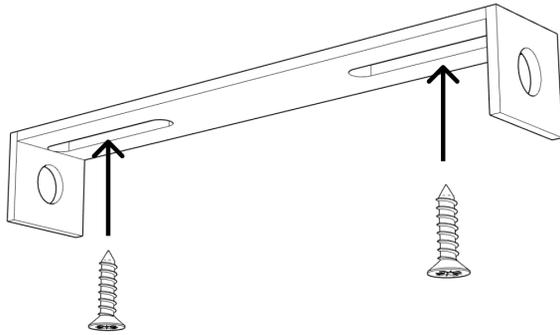

- Bulb type E27
- Small flat headed screwdriver

### Cleaning instructions

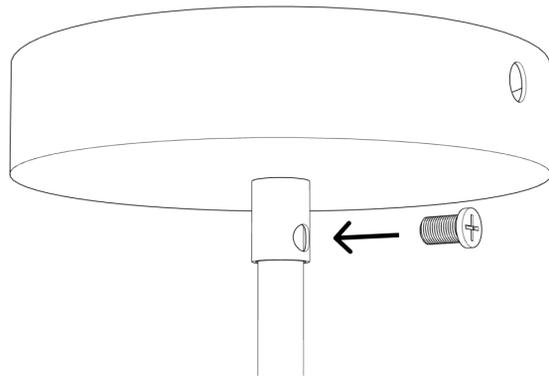

- Wipe surface of lamp shade with a soft, damp sponge or cloth, and wipe immediately with a dry cloth.
- Do not use any abrasive cleaning tools such as steel wool, scouring sponges or stiff brushes.
- Never use strong cleaning agents such as white spirit, turpentine, household glass cleaner or cellulose thinners.
- Only wipe the inside of the shade with a soft, damp cloth or feather duster.

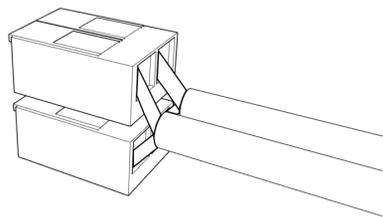

For indoor use only  
E27 Maximum 22w.  
Bulb not included

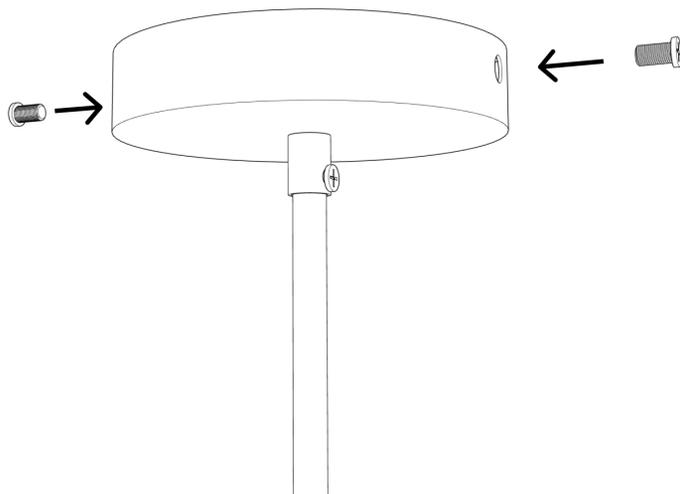

**Step 1** Ensure power supply is turned off and remove any existing lamp fitting. Mount the metal bracket (B) securely in the ceiling with screws and wall plugs, appropriate for the ceiling of installation.

**Step 2** To determine the right suspension height for the lamp, pass the electrical cord through the strain relief of the canopy (B). When you have the desired suspension height of the lamp, tighten the plastic screw of the strain relief.

**Step 3** Use the terminal boxes (C) to assemble the wires from the pendant with the wires from the power supply. Place the terminal boxes inside the canopy.

**Step 4** Place the canopy cup onto the metal bracket and secure it in the right position with the including screws.

**Step 5** Install the light bulb.

## Use

- Do not use device underwater. Failure to do so can result in serious injury or death.

## Maintenance

- Unplug all connections before cleaning the device.
- Do not use excess water while cleaning the device.
- Avoid getting water inside the stand.

Only use dry cloths to clean all parts of the device. If the cable is damaged or destroyed, Crème AB or a similar qualified person must replace it. When the light source of this device is used up, sort it as waste according to national laws. Replace bulb with appropriate E27 bulb.

## Disposal

Electrical equipment and packaging should not be disposed together with household waste material. Sort all waste in accordance with national laws.

# Technical data

Electrical equipment and packaging should not be disposed together with household waste material. Sort all waste in accordance with national laws.
