STINGRAY TABLE LAMP

Inspired by the Stingray fish, the Stingray lampshade is all about the contrast between soft shapes and sharp lines. The almost floating lampshade is the centrepiece of the Stingray collection, elegantly featured in two chandeliers, a table lamp and floor lamp.

The lampshade is designed to hide and expose the Lightsource according to the viewpoint, creating a flexible and artistic light experience.

The Stingray table and floor lamp is characterised by three legs, adding a certain rhythm and simplicity. The lampshade is mounted to an adjustable lamp arm, elegantly balancing the Stingray lampshade opposite a sphere shape.
