English text

Nova is a decorative and sculptural table lamp. The rounded, airy glass shade seamlessly flows into a solid, refined core that widens towards the base. Balancing the aesthetics of delicate glass with natural, robust materials. The sleek brass element elegantly connects the shade and base into a visually well-proportioned symphony.

Its flattened design not only forms a characterful shape that changes with the angle of view but also serves a functional purpose. This feature allows the lamp to occupy minimal space, making it ideal for bookshelves, windowsills, nightstands or desks.

On the back, the Nova table lamp features a turnable brass knob that allows you to easily turn on, dim and turn off the light to create the desired mood.

Danish text

Nova er en dekorativ og skulpturel bordlampe. Den afrundede glasskærm er smukt forbundet med den massive base gennem en elegant messingdetalje. Med de kontrastfulde overflader balancerer Nova æstetikken af delikat glas med naturlige, robuste materialer.

Det flade design skaber en visuelt velproportioneret lampe med en karakterfuld form, der ændrer sig afhængigt af betragtningsvinklen. Samtidig sikrer det også, at lampen optager mindre plads. En detalje der gør Nova ideel til smalle steder som boghylder, vindueskarme, natborde eller skriveborde.
