

FRITZ HANSEN

TRAY TABLE BEAUTIFULLY AGILE

Beautifully shaped, light and agile, the oak Tray Table from 1958 embodies classic elegance and practicality.

TRAY TABLE

The Tray Table was originally created for the staff of Fritz Hansen in 1958. The dual side table and folding tray table received compliments for its organic shape and light, tapered legs. By popular demand among friends and family of the house, the table was put into production.

An Oak version in ø60 is added to complete the collection that now offers both ø60 and ø45 in Oak and black coloured Oak.
