ASTERIA WALL

Designed by Søren Ravn Christensen

Asteria wall short, pearl white

Crafted with great attention to detail, Asteria wall is available in two sizes – long and short – offering the choice to tailor the lighting experience to each unique space. The Asteria wall is dimmable, controlled by a discreet button on the lamp's screen. This feature allows you to effortlessly adjust the lighting to suit any occasion, whether it's a serene moment of bedtime reading, illuminating a corner for a cosy reading nook, or creating a welcoming embrace in the hallway.

Like the other designs in the Asteria collection, the Asteria wall features a tight and sleek appearance born at the crossroads of design, technology, and craftsmanship. Its brass details blend effortlessly with the minimalistic expression, ensuring a timeless design.

The lamp is easily directed to your desired angle, allowing you to curate the perfect ambience, whether it's a soft spotlight or a gentle glow. The long model takes this versatility further, with the ability to move from side to side, providing enhanced functionality while maintaining its graceful presence.
