

pappelina®

ONLY THE BEST

Everything we do, we do with passion and dedication. Every Pappelina rug is created to meet the highest standards of function and design together with outstanding quality. We truly believe that these values go hand in hand.

Our rugs are designed to be loved and used for many years to come, a timeless accessory to homes and spaces worldwide. A product that can endure wear and tear for a long time and therefore benefits the environment. For that reason we never compromise in our choices of materials, design or country of origin. For us, that is what sustainable design is all about and that is what we do best.

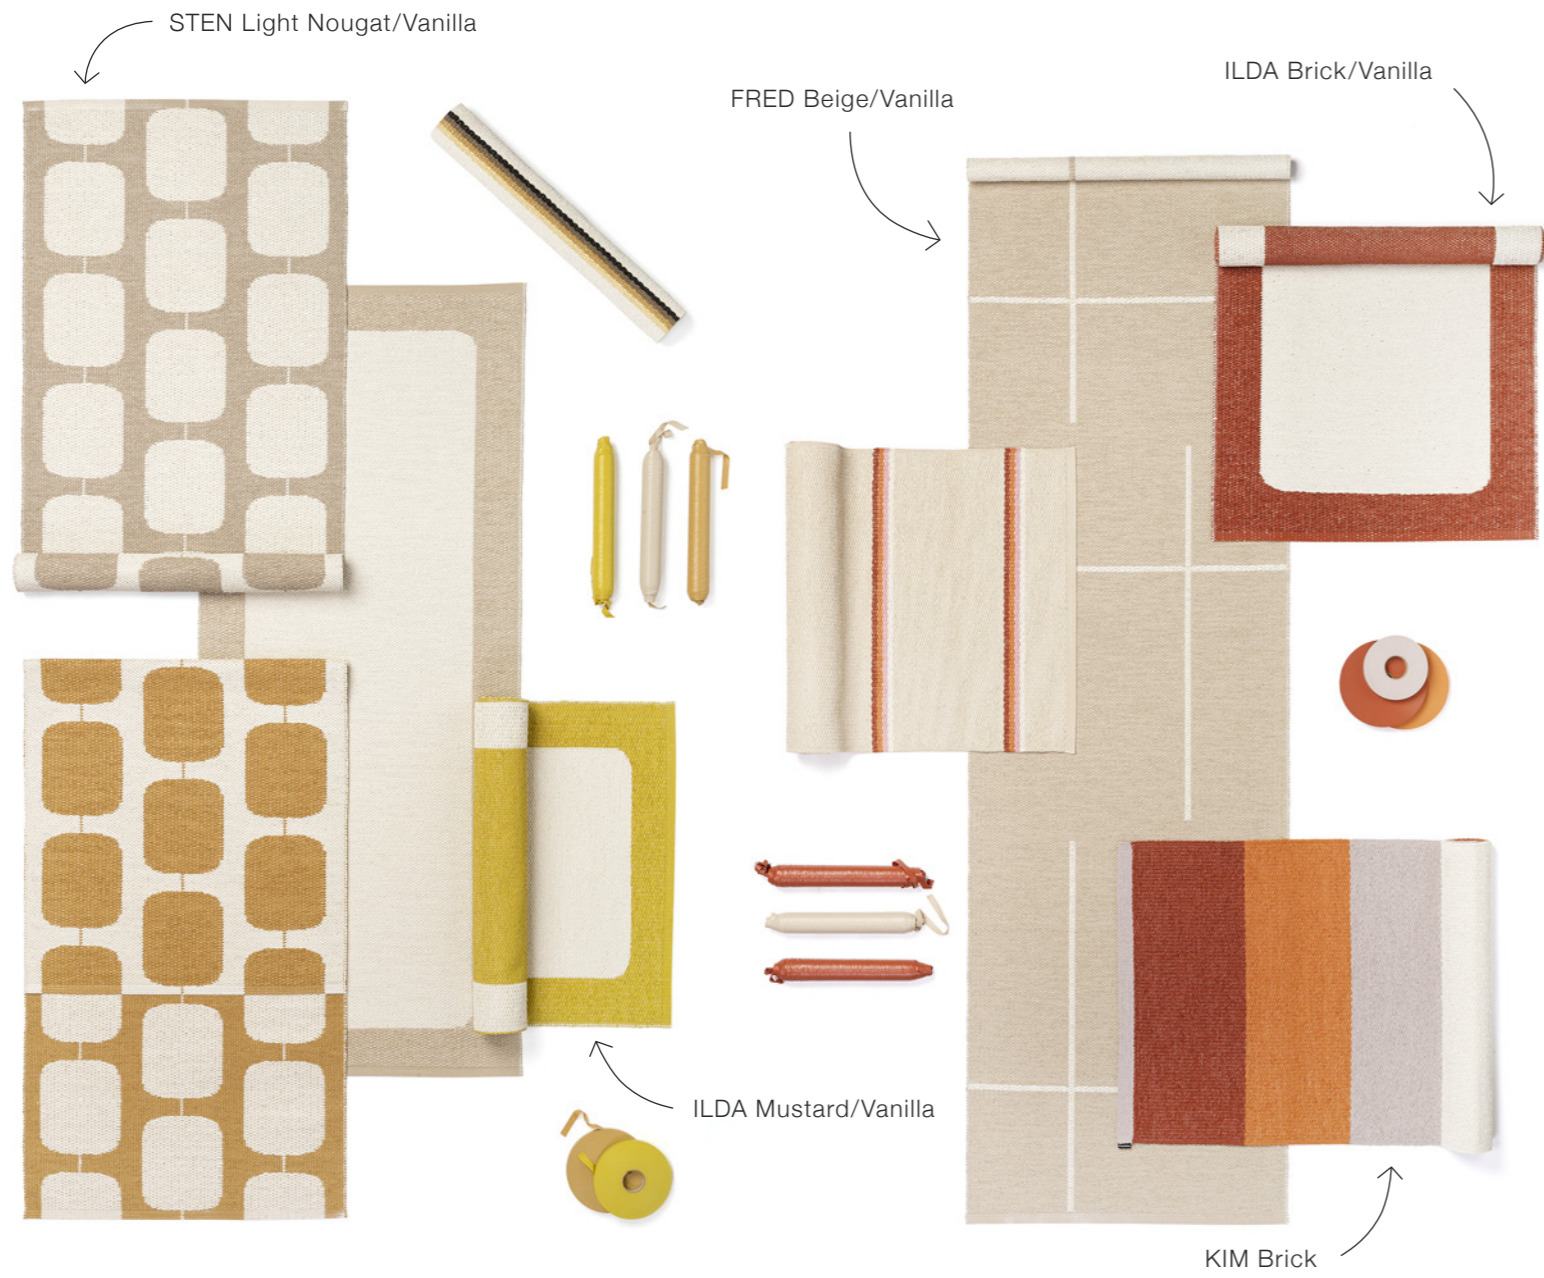

All Pappelina rugs are made at our local weaving mill in Leksand, Dalarna. To the sound of wooden shuttles rushing back and forth – a well-coordinated interplay between loom, warp and weft – create the pattern of choice. Each rug we make represents a piece of Swedish craftsmanship and thanks to great composition, high quality materials and devoted craftsmen and -women, we bring you the durable, contemporary and colourful design that is Pappelina.

CRAFTED WITH LOVE
AND PRIDE IN SWEDEN

10 REASONS TO CHOOSE A PAPPELINA RUG

MADE IN SWEDEN

Everything we do, we do in Sweden. From the material, the design, the weaving, the logistics and the distribution. In fact, all our rugs are totally Swedish.

GENUINE CRAFTSMANSHIP

Our rugs are produced at our local weaving mill in Leksand, Dalarna. Every rug we produce represents a piece of genuine craftsmanship, made by using the highest quality materials by devoted artisans.

GREAT MATERIAL

We only ever use certificated phthalate and toxic free PVC material manufactured in Sweden, fully approved by REACH®.

EASY TO CLEAN

Hand or machine wash cold, at 30°C/85F, or just simply rinse with water or clean with a damp cloth. Our rugs are also extremely easy to vacuum, mop or even to clean outside with a regular or high-pressure hose. PVC is a totally colour fast material which will not fade when washing or cleaning the rugs even when using detergents.

UV RESISTANT

A Pappelina rug has an extremely high sun and UV resistance. Our rugs have been tested for colour fastness according to the international standardization ISO 105-A05 with the result of a 4 in a scale of 1 to 5, where 5 is the highest score.

ALLERGY FRIENDLY

Non-absorbent hygienic rug that does not hold dust, making it ideal for people with allergies and asthma as well as environments where cleanliness is of great importance.

WATER RESISTANT

A Pappelina rug is water resistant and will dry within 60 minutes, which means it's perfect for any room! Kitchens, hallways, entrances, office spaces, bathrooms, kids' rooms and outdoor spaces.

LONG-LASTING

When buying a Pappelina rug it will last a lifetime providing our recommended care instructions are followed. It is truly a long-lived product and design, not something you use and discard. We are proud and confident to offer a 3-year warranty on all our rugs.

NON-TOXIC

Our plastic rugs contain no hazardous substances such as phthalates or heavy metals. The PVC we use is approved for and used in the food industry and in toys production within both the EU and the US.

SUPER FUNCTIONAL

The use of a Pappelina rug has no limits! It's decorative, non-slip, soft, reversible, indoor and outdoor compliant giving excellent grip on hard surfaces as well as being perfect on heated floors. With the wide range to choose from you will have no problem finding a rug for your purpose.

Measurements may vary $\pm 4\%$ as a result of the various craft processes our rugs are undergoing during manufacturing.
